2011 Three Stones

Three Stones, Heart, Mind, Hand

Balancing in the Moment

Grounded in the Land

IN THE VINEYARD & WINERY

Three Stones is only produced when we have a few barrels of Estate wine that deserve their own bottling. The 2011 Three Stones Estate Cabernet is a perfect example of one of those special, tiny production vintages. With a touch of age, it is a delicious wine that defies the 2011 odds.

WINEMAKER NOTES

2011 Three Stones Estate Cabernet presents with deep dark color and long legs that suggest the full rich mouth feel to come. A nose of ripe fruit, spicy wood and dark chocolate opens to layers of ripe plums, baked purple and red fruit pie, a hint of herbs and a finish of milk chocolate.

With balance, softness and integration this is a wine you can enjoy today or in the years to come. My favorite descriptor says it all, yummy!"
